## **INTRODUCTION**

Welcome to the first electronic edition of the TRENDS in Baton Rouge Real Estate book. This electronic book contains a number of high-quality contributions from leading real estate professionals. The book is divided into Office, Multifamily, Residential, Retail, Finance, Internet, and Industrial chapters. Each chapter contains at least one document pertaining to a relevant real estate topic. For example, the Multifamily chapter contains a substantial contribution by Wesley Moore.

To view the contributions you will need an Adobe Acrobat viewer, obtainable for free at [www.adobe.com](http://www.adobe.com). Most computers come preloaded with this vital internet tool. The viewer runs on virtually every current type of computer system. If you do not know whether you have a viewer, just double-click on one of the files. If it does not come up, go to the adobe site to download the appropriate version of the viewer for your computer system.

Finally, we would like to thank our Sponsors for having made this possible. Their support makes TRENDS great!

Commercial Investment Division of the Greater Baton Rouge Association of REALTORS  
Real Estate Research Institute, LSU
